

1 July 2021

Dear Parents/Carers,

### **Head of Year 10 from September 2021**

We wrote to you last summer to inform you that Ms Acharya was going on maternity leave and that in her absence, we had appointed Mr Parkinson as Temporary Head of Year 9.

As many of you are aware, Ms Acharya now has a beautiful baby boy and her life has been transformed. We are delighted that she has returned to us as a science teacher however she has taken the decision to relinquish her Head of Year responsibility and we are very pleased to announce that Mr Parkinson has now been appointed permanently to the role.

I'm sure that you would like to join me in taking this opportunity to formally thank Ms Acharya for her hard work and dedication to the year group during Years 7 and 8.

Those of you who have already had the opportunity to work with Mr Parkinson, will have appreciated the work he has done building positive relationships with the year group this year, in this difficult post pandemic period. We look forward to those relationships strengthening as your children move through the next two, very important years to successfully complete their Year 11 qualifications.

Thank you, for your continued support and commitment to the school

Yours sincerely,

Mrs J K Haddow,  
**Deputy Head teacher, Pastoral**
