Subject: Computing

Day: Monday **Time:** 3:25-4:25pm

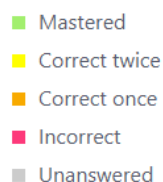

Room: TG4

Computing Masterclasses will be every Monday after school for an hour in TG4 from November onwards.

Students attending will receive support on topics that they need, targeted through data gained from using the Smart Revise revision tool.

This will ensure that the areas of weakness are focused on. In preparation students can use the Smart Revise that will then provide the topic areas of focus in real time.

Each spec point will have a circle as in the attached picture so students can accurately find the areas they need to focus on.

For more information about SmartRevise, see here:
