

Monday 24th November 2025

Dear Parents / Carers,

Re: Royal Institution (RI) "Do It Yourself" live science show

We are delighted to inform you that Year 8 and Year 9 students will be taking part in a drop-down session hosted by the Royal Institution on Thursday 27th November 2025. The **"Do It Yourself"** demonstration show focuses on everyday science — showing that you do not need a lab to do science; you can explore, experiment, and discover using things found at home or in the classroom.

Students in Year 8 will be taken off the standard timetable during period 2 and Year 9 students during period 4 on Thursday 27th November. The goal is to encourage curiosity, creativity, and critical thinking — empowering students to become scientists themselves.

This is a rare and enriching opportunity for students, and we are thrilled to be able to host this experience at Rooks Heath School.

If you do have any questions or would like more information, please do not hesitate to email us at contactus@rooksheath.harrow.sch.uk

Your sincerely,

Mrs S Rahman
Head of Science
