

03 March 2026

Dear Parents / Carers,

Re: British Science Week: ScientastiQuiz

I am delighted to inform you that students in Years 7 and 8 will be taking part in British Science Week. One of the highlights of the week will be our “**ScientastiQuiz**”, where students will work in teams to test their knowledge, think creatively, and enjoy some friendly competition. This year’s theme of Curiosity will allow students to engage in activities that encourage imagination and enrich their understanding of the world around them.

Students will be off timetable for period 1 as outlined below and will take part in the quiz which will take place in the school hall. Normal lessons will resume from period 2.

Year 8 – Thursday 12th March

Year 7 – Friday 13th March

This event is a wonderful opportunity for students to explore science in an exciting and interactive way, and we are very much looking forward to their involvement.

Thank you for your continued support.

Yours sincerely,

Ms S Rahman
Head of Science
