Dear Parents/Carers,

## **Subject: Year 13 Revision Sessions – Supporting Success in A Level Examinations**

As we approach the upcoming examination period, we are committed to providing our Year 13 students with every possible opportunity to achieve their full potential.

To support this, we will be running a programme of targeted revision sessions designed specifically to prepare students for their individual examination papers. Each session is structured to maximise student performance by focusing on exam-specific content and strategies, ensuring that students are fully prepared for the demands of each paper. These sessions are carefully planned by subject specialists and will also focus on subject-specific exam techniques, common misconceptions, and high-impact topics across all disciplines.

### **Why these Sessions Matter**

Although attendance is not compulsory, we strongly emphasise that these sessions are an essential part of an effective revision programme.

They provide:

- Expert guidance on what examiners are looking for
- Opportunities to practice and refine exam technique
- Targeted support on areas of weakness
- Exposure to model answers and effective approaches

Students who attend regularly are significantly better equipped to approach their exams with confidence and clarity. Therefore, we ask for your support in ensuring your child attends as many of these sessions as possible. These sessions should not be seen as optional extras, but as a vital component of their preparation.

### **How You Can Support Your Child at Home**

Your encouragement and support play a crucial role during this important time. You can help your child by:

- Encouraging consistent attendance at all revision sessions – details of specific sessions are attached to the end of this letter.
- Supporting the development of a structured revision timetable
- Providing a quiet and focused environment for study
- Helping them maintain a healthy balance of study, rest, and wellbeing
- Encouraging regular breaks, good sleep, and proper nutrition
- Showing interest in their revision and discussing their progress

A calm, supportive home environment can make a significant difference to a student's confidence and performance.

### **Final Thoughts**

We want every student to leave us feeling proud of what they have achieved. These revision sessions are a key part of that journey, and with your support, we can ensure all students make the most of this opportunity.

Thank you for your continued support.

Yours sincerely,

Mr A Wright  
Assistant Headteacher  
Head of Sixth Form
