

14 May 2026

Dear Parents and Carers,

Reminder: Sparx Reader and Reading Homework

We are writing to remind you of the compulsory Sparx Reader homework for English and the expectations that were sent in September.

Sparx Reader homework is set weekly by your child's English teacher and visible on Bromcom to remind students of the deadline and expected target (SRP points).

Completion of this homework is carefully monitored weekly by their English teacher. Rewards are given using the ONTRACK values for completion and sanctions given for failure to complete the expected target.

It is so important that we work together to support your child to complete this English homework. Ensuring children are reading at their chronological age enables all students to access the full curriculum across all subjects. Please support us in monitoring the completion of this homework weekly.

It is important to us that young people are able to practise careful, silent reading for a sufficient amount of time, without distraction. Sparx Reader reassures us as teachers and you as parents that focused reading is happening, and that readers of all abilities feel successful and motivated.

Through Sparx Reader, students can choose from an appropriate range of ebooks at their reading level and as they read and they will answer questions to check they are reading carefully. Careful readers earn points, meaning they can prove they have been focusing and ultimately climb the league table!

Motivated readers who demonstrate consistent, careful reading can unlock Gold Reader. This means they can read any paper book from the library or from home by scanning in its barcode. We encourage you to watch a series of short videos, explaining what Sparx Reader is and how it works, available at <https://sparxreader.com/parents/> or by scanning this QR code:

How do they log in?

- Students log in at sparxreader.com. They will need to find their school and log in using their school login details.

Which devices are supported?

- Your child can access Sparx Reader on any device that connects to the internet with a web browser.

How can I support my child with their reading?

- Sparx Reader adapts to each student's reading level, so it is important that you don't help by answering questions for them. If you help them, Sparx Reader might think they are a very strong reader and show them books that are too difficult.
- You can help by providing a quiet space and a set amount of time for your child to focus on their reading homework each week.
- The best way to support your child is to ask them about the book they are reading; which aspects they are enjoying, which characters and events they have recently read about or what they think could happen next.

How can I monitor the reading my child is doing?

- You are able to keep track of your child's reading by clicking through the link to the Parent Portal in your Sparx weekly homework email.
- On the Parent Portal, you can choose to view homework progress for any Sparx Learning system your child is using. For Sparx Reader, you can see progress with the current and previous homework and browse books that your child has been reading as part of their current homework.
- When your child finishes their book, we will send you an email celebrating their achievement!

What support is available at Rooks Heath?

- If your child is struggling to find a quiet space to read or cannot access a device to complete the reading homework, they might wish to attend our Homework Club, which runs Monday - Friday, 3:15pm - 4:15pm in the Library.

If you have any questions, please feel free to contact us via email (details below).

Kind regards,

Mrs Neal
Head of English
