### HMS Instrumental Lessons – Summer Term

Dear Parents/Carers

As you know, your child's instrumental tuition is provided by visiting teachers from Harrow Music Service. HMS has set up instrumental lessons during this period of school closure in summer term.

Your child can access their instrumental tuition via the Charanga Yumu learning platform, using their personal username and password.

Pupils should:

1. Login to <https://www.HarrowMusicService-elearning.co.uk/yumu>
2. Enter their username and password.

Payment for lessons can be made as per usual via ParentPay. Once lessons have been paid for you will receive your child's personal username and password, with which they will be able to access the instrumental tuition.

The login and password takes your child straight to the lessons set by their HMS teacher. There may be a lesson plan within the lesson which you can download and print if you wish to. You are very welcome to 'sit in' on the lessons from home too.

We believe the majority of parents who signed up for instrumental lessons will wish to support their children to access the HMS remote lessons and maintain their enjoyment and progress. On behalf of HMS may I thank you for your understanding at this challenging time.

Please do not hesitate to get in contact should you have any further queries.

Yours faithfully,

**Ms A Slater**  
Head of Music
