

19 November 2020

Dear Parents and Carers,

Re: Year 7 Numeracy Intervention Programme opportunity

I am delighted to inform you that your child has been selected to join a small intervention group for Numeracy intervention which will help them to improve upon their current attainment in Mathematics and also in other subject areas where numeracy is used. These sessions will be part of the normal school day but replace some of their current maths lessons. Selected students will receive a new timetable to reflect these changes.

To select individuals who would benefit from this additional and bespoke support, we have considered the following:

- Key Stage 2 SATs result from their Primary School
- CAT Scores
- Baseline Mathematics Test on entry to year 7

The intervention sessions will begin from 30th November 2020.

We know we can count on you to encourage your child to make the most of these important sessions in order to have a positive impact on their learning and secure they make good progress.

May I take this opportunity to thank you for your continued support.

Yours sincerely,

Mrs A Syed
Numeracy Coordinator
Rooks Heath School
